

Annual Report

July 1, 2009 -
June 30, 2010

Letter from the Chairman

Dear Friends,

The close of ETF's 2010 fiscal year brought a sense of renewed spirit to the board members. In spite of a weak economy, donations remained steady. Endowment investments held at The Oregon Community Foundation received a return of 9.6% for the year. Award Night in May was held at the new Junction City Fire Station. Total Scholarship and Grants funds award that night was \$66,748.00 which was more than the year before.

Four U of O students working on their graduate studies in Publicity selected ETF as their project and worked with us on new ideas for advertis-

ing and branding. Young ideas helped us develop a site on Facebook and hopefully some day we can rise to the challenge of Twitter. So many ideas were proposed that we are currently looking for a graduate student to serve as an intern to the board to assist with implementing the new ideas.

We are planning our "first annual" Bingo Night, March 12, 2011 at the Moose Lodge. It will be a fun, evening with terrific prizes and a theme of St. Patrick's Day- The Luck of the Irish.

A "brain-storming" effort by board members for a Grant application to the

Chichester-DuPont Foundation proved very successful. The board was notified in early December that our request for \$40,000 for community adult education was awarded. This fund will be available starting in January 2011 for adults within the JC school district. The funding will assist with career educational opportunities.

We are also pursuing a way to connect with the community to help with estate planning with Education Together Foundation as a beneficiary.

We are strong and organized and ready for the future.

The following was received as a thank you from last year's recipient of the Lucille & Elmer Andrews Memorial Endowment

Dear Smith Family,

Thank you for your generous gift.... I was not sure if I was even going to be able to afford schooling beyond High School but after receiving your generous gift I decided to apply for additional financial aid. To my astonishment I was eligible for additional monies as well. Now I am able to not only pay for my tuition, but my books and supplies as well.

Please do not stop giving, it really is just the right kind of encouragement that some of us need to take that leap of faith. Thank you again for your very kind and generous encouragement.

Sincerely, Jared Ramos
